Classroom Camera Operation OWL 360°
What is OWL for?

- Broadcasting synchronous classroom learning to students through Zoom
- Recording classroom learning to share with students through a video link
How can I use OWL in the classroom?

- To capture classroom environment without having to manipulate a camera
- To allow the entire room to be recorded so multiple individuals can participate
- To amplify Zoom participants through the OWL speaker
Set-Up
Position OWL in middle of the room

You may need to adjust the tripod.
Plug OWL into outlet

You may need an extension cord to reach the outlet.
