Cannot log into Computer after password change.

Instructions for updating the login password for your ASU computer after changing your password while off campus.

Step-by-step guide

1. Log into your computer with your former password
2. Connect to ASU campus using VPN software (Pulse, OpenVPN, etc) you will need to log into this software with your new password.
3. Lock the computer
   - MAC - Click Apple > Lock Screen
   - PC - Press Ctrl-Alt-Del > Lock
4. Log back into computer with your new password

Please contact the Technical Support Help Desk further if assistance is needed. 828.262.8324
