LinkedIn Learning Articles

App State has acquired LinkedIn Learning to provide students, faculty, and staff options for any time, anywhere online professional development.

What is LinkedIn Learning

LinkedIn Learning is an online learning platform that combines Lynda.com’s unmatched library of more than 16,000+ courses taught by real-world experts, with LinkedIn data and insights drawn from 562 million member profiles and billions of interactions.

These insights give you a unique and real-time view of how jobs, industries, organizations, and skills are evolving while helping you identify the skills that your organization needs to succeed. They also fuel course recommendations that connect learners to the most relevant, applicable learning that is easy to engage with on any device.

Benefits

LinkedIn Learning includes:

- thousands of courses on a variety of topics related to technology, creativity, business, and teaching
- recommended courses based on roles and skills
- customized learning paths to personalize the learning experience

Get Started

1. **Activate your account** by logging in with your App State user ID and password to get started or access through [https://www.linkedin.com/learning](https://www.linkedin.com/learning)
2. **Watch** for more on "How to Get Started in LinkedIn Learning"

Integration with AsULearn

LinkedIn Learning is also available for allAppState students, and instructors can integrate LinkedIn Learning content for students to access via AsULearn (our campus LMS).

The following video outlines the steps to add a LinkedIn Learning resource in the LMS.
