Program a digital TV to receive all University channels

If you have a digital TV, it is important to auto-program your TV to ensure you are viewing all the available digital channels. Exact details on how to auto-program or auto-tune digital TVs vary from manufacturer to manufacturer and from model to model.

These instructions are generalizations that are meant to describe the way most TVs accomplish this feature. For best results, refer to the owner's manual for the specific TV you are working with.

Most TVs will take between 20-45 minutes to complete this function.

Step-by-step guide

Using the TVs remote control, follow these general steps:

1. Press the “Power” button to turn on the TV
2. Press the “Menu” Button
3. Select “Set-Up”
4. Select “Cable” or “TV” input source
5. Select “Auto Program/Auto Tune” then “OK”
