I can't see my grades in AsULearn.

If you don't see all of your grades when you first log in to your course in AsULearn, don't panic.

If the gradebook has been made visible, the grades link will be included in the drawer on the left-hand side of your course page.

You can expand and collapse the drawer using the hamburger icon in the top left-hand corner, next to the AsULearn logo.

The first thing to do if you don't see the gradebook link in your course in AsULearn is to communicate with your instructor to find out whether he or she will be using the AsULearn gradebook for the course. The instructor for the course will make the decision when/if to make the gradebook available to students. If an instructor is not using the gradebook or has not made it visible, students will not see the link in the image above.

Activities like an assignment or a quiz may have grades listed in the activity itself. You can access this score by clicking on the link inside the course. Below is an example of a score a student might see from a quiz attempt.

Summary of your previous attempts

<table>
<thead>
<tr>
<th>Attempt</th>
<th>State</th>
<th>Points / 2.00</th>
<th>Grade / 100.00</th>
<th>Review</th>
</tr>
</thead>
<tbody>

<td>2.00</td>
<td>100.00</td>

</tbody>
</table>

Highest grade: 100.00 / 100.00.

However, the instructor will determine what students can access with the settings for the activities. Again, the best bet is to check first with your instructor if you don't see your grades.
