Course: View as Generic Student will see it

Users with the Teacher role can view the course pages as any student will see it.

1. From the main course page, click on your name or profile image at the top right of the window, and from the user menu select **Switch role to...**

2. Click the **Student** button to select that role from the list of options; or **Cancel** to remain in your role.

3. While logged in as a student, the word **Student** will display under your name at the top right of the browser window.

4. To return to your normal role, click on your name or profile image again, and select the **Return to my normal role**.
