

Export AppState Contacts to another Gmail Account.

Step 1: Export existing Gmail contacts

- Login to your AppState Contacts, go to contacts.google.com
- On the left, click **More**, **Export**.
- Select which contacts to export.
- Select **Google CSV**.
- Click **Export**.
- At the top right, click your profile picture > **Sign out**.

Step 2: Import the file

1. On your computer, go to, contacts.google.com then sign in with the account you want to import to.
2. On the left, click **More** > **Import**.
3. Click **Select File**.
4. Choose your file that was generated in step 1.
5. Click **Import**.
