

Poll Everywhere Platform

Poll Everywhere is an online polling platform that is able to collect real-time responses from students using any computer or mobile device with internet access. It can be used in a variety of situations: remote participation, on-campus participation, or remote participation in on-campus classes.

Key features:

- Works with PowerPoint, Google Slides, and Keynote
- Graded student responses can be easily exported to your AsU Learn Gradebook
- Learning activities: use polls as ice breakers, group work and competitions, think-pair-share activities, and graded quizzes

Instructor Login

Poll Everywhere is integrated into our single sign on system. Go to <https://www.polleverywhere.com/login>, select sign in, and put in your Appstate email **XX XXX@appstate.edu** and select NEXT. You get an option to 'Log in with Appalachian State University'. Use this option to use your normal Appstate password. Just like you use for your appstate email. If you forget your password use the [Appstate password manager](#) to reset it.

Review the comprehensive [Poll Everywhere Instructor Guide](#) for additional information about using this tool in your courses.

- For thorough **directions** on building your polls, review Poll Everywhere's [Create an Activity](#) document. To learn about a particular question type, select the associated topic below:
