

# How do I link a Contract in the Direct Pay Form?

## Problem

How do I link my contract to a direct payment?

## Solution

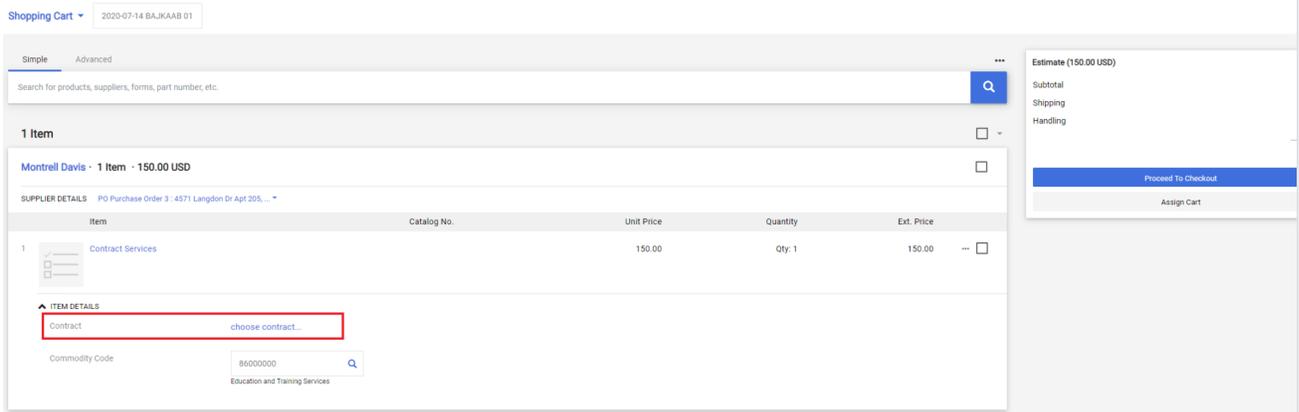

Contracts are not linked in the Direct Pay form, but are actually linked to the requisition.

 Contracts must be in an **Executed: In Effect** status in order for the link to show up

There are two places a contract can be linked

### From the Shopping Cart (before checkout)

1. After your direct payment form is complete, proceed to the shopping cart
2. Click the **Choose Contract...** link located right above the **Commodity Code** box

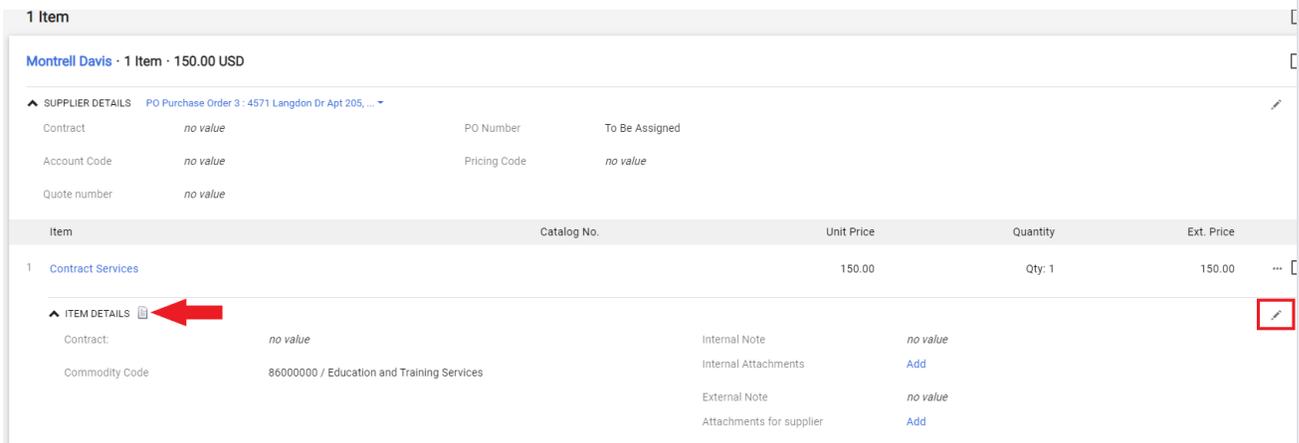

The screenshot shows a shopping cart for 'Montrell Davis' with one item, 'Contract Services', priced at 150.00 USD. Below the item details, there is a 'Contract' field with a 'choose contract...' link highlighted by a red rectangle. The commodity code '86000000' and 'Education and Training Services' are visible below.

3. Select the appropriate contract for this direct payments
4. If the link is not displayed, the contract may not be fully executed

### From the Requisition

1. Scroll down to the **Supplier/Line Item Details** section
3. In the **Item Details** line click the **Pencil Icon (edit)**

The screenshot shows the 'Item Details' section for 'Contract Services'. A red arrow points to a pencil icon in the 'ITEM DETAILS' header. The 'Contract' field is currently set to 'no value'. The commodity code '86000000 / Education and Training Services' is also visible.

4. Click the **Select Price or Contract...** link

**Edit Line 1: Item Details**

1 Contract Services 150.00 Qty: 1

Contract

Commodity Code  Education and Training Services

Internal Note  expand | clear

External Note  expand | clear

★ Required fields

5. Select the appropriate contract for this direct payment

6. If the link is not displayed, the contract may not be fully executed
