

Downloading Google Apps on iOS

This is a guide that will show you how to get Google Apps on an iOS device (iPad, iPhone, iPod Touch) from the iOS App Store.

1. On your iOS device, click on the **App Store** icon.

2. Find the search option and search for **Google Apps**.

3. Google has individual apps that need to be downloaded separately for each of its different services. Sign in with your Apple ID and download any of the following apps you wish to use. Alternatively, you can search for the following apps individually:
 - Gmail
 - Google Calendar (iPhone only)
 - Drive
 - Sheets
 - Slides
 - Docs
 - Chat
 - Google+
4. Once installed, tap on **Gmail** or any one of the other Google Apps to open.
5. You will be prompted to log in. Enter your full **App State email address** and password.
