Course: Download Course Content
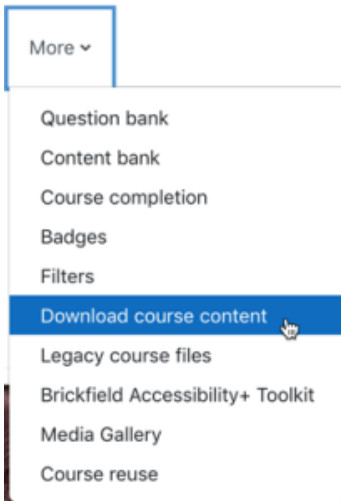

Individuals who have Teacher role in a course can download instructional files posted in an AsULearn course.

ⓘ
- Faculty have the option to download course content that was added as File, Folder, Page or Label resources.
- The "Download Course Content' is not available to participants in the student role.
- This tool does NOT download files submitted by students.

Step-by-step guide

1. Log into the AsULearn site from which you wish to download files.
2. Choose **More** from the Course menu and select, **Download course content**.

3. When prompted, click **Download**. AsULearn will compress the files into a single ZIP file and begin the download process, which will differ depending on your browser settings. The .zip file will download with no progress bar or completion alert.
4. Locate the downloaded .zip file on your computer and unzip the file to view contents.
