Elle Smith

Service Dropdown Selection

Search for an object

- ArcGIS ESRI Site License
- Atlassian Trello Enterprise Cloud Premium License, Academic
- Endnote
- IBM SPSS License
- JMP 16.0 Pro Mac
- JMP 16.0 Pro Windows
- SAS 9.4 64-Bit Windows

4. After filling out the rest of the form, click **Create** to submit your request.

All ArcMap single-use license files expire on June 30th and will no longer be available as part of the ESRI academic license agreement. All users should take necessary steps to transition workflows and projects to ArcGIS Pro.

Once you get your license, save it to a secure location on your computer. Download and Install ArcGis Desktop.

Download Installer (Requires you to log into your appstate Gmail account):

- ArcGIS Desktop 10.8.2 ([link to installer](#))
- ArcGIS Pro 3.1 ([link to installer](#))
- ESRI City Engine 2023 ([link to installer](#))

Close the application when it gets to the final step with licensing. Then find and double-click the orange license key you downloaded and run through the wizard. It will ask you a couple of survey questions. When finished, close and launch the program.
