Confluence

Website

confluence.appstate.edu

Summary

Confluence is a content collaboration tool used to help teams collaborate and share knowledge efficiently. In Confluence, you can create pages, blogs, communicate with your team, and use tags and macros to develop content reports.

Note: To permanently share a Confluence page - use the Share button in the top right of the page to obtain a permanent URL for the page.

Who can use this service?

Employees with a Confluence license can use Confluence. Confluence is primarily used by information technology departments at App State.

Add-Ons provide additional functionality to Confluence. We have these Add-Ons:

- Hide Elements
- Single Sign On for Confluence
- Google Drive / Docs for Confluence

How do I request this service?

Request a license through support.appstate.edu.

Who do I contact for problems or issues?

Report a Confluence problem through Technology Knowledge Base Request.
