

Firewalls NAT

Website

nics.appstate.edu

Summary

This service provides two separate functions to App State. It provides network security via network firewalls. We provide Network Address Translation (NAT) in order to provide more IP addresses to the Resnet and Student VLANs.

Who can use this service?

Firewalls and NAT are provided at network locations where necessary to enhance functionality.

How do I request this service?

NAT is provided in areas as necessary, as well as the majority of the Firewall functions. If you have questions regarding Firewalls, please contact NICS at nics.appstate.edu/contact.

Who do I contact for problems or issues?

Call the Help Desk at 828-262-6266, Monday through Friday, 8 a.m. to 5 p.m., or enter a support request at support.appstate.edu.
