

Hyperion

Website

oracle.com/performance-management/hyperion-financial-management

Summary

Oracle's Hyperion Interactive Reporting connects university administrators to Banner data and gives them a complete set of tools to support administrative decisions by allowing ad hoc client/server querying, reporting, and analysis all in one application. Hyperion provides data extraction, analysis, reporting, and distribution capabilities.

Who can use this service?

Used primarily by the Office of Financial Aid

How do I request this service?
