Summary

With the Pharos Print Mobile app, print job can be submitted to the queue via a web browser or mobile device and released after arrival in the Lab or Library. Computer labs use a charge per print system called Pharos. A local printer queue is for printing in the labs and a campus printing queue is for printing in any campus lab. After printing, the student will go to the Pharos station and swipe his/her student ID card. A list of printing jobs will be displayed and the student will select his/her file by clicking on the title or computer name. Print jobs are deleted from the queue after one hour. To access this mobile app, go to the app store and search for Pharos Print. To use Pharos Print Center from a web browser go to myprintcenter.appstate.edu. Visit Pharos Print Center and Pharos Mobile Print for instructions and updates.

Who can use this service?

Faculty, staff, and students

How do I request this service?

Call the Help Desk at 828-262-6266, Monday through Friday, 8 a.m. to 5 p.m., or enter a support request at support.appstate.edu.

Who do I contact for problems or issues?

Mike Childers (childersmw@appstate.edu)
