NetREG

Website

netreg2.appstate.edu

Summary

NetReg is an automated registration system that recognizes and manages devices that are connecting to the ASU network. NetReg collects information about these devices, logs the information, and assigns the device an ASU network IP Address.

This registration process is required for any device that connects to the ASU network, both wired and wireless. Students are allowed four registrations. Faculty and staff are allowed five registrations.

Who can use this service?

Faculty, Staff, and students that have an active appstate account. Banner roles determine the level of network access available to the user.

How do I request this service?

Service access is assigned by Banner Roles, employment status, and student registration records.

Who do I contact for problems or issues?

Call the Help Desk at 828-262-6266, Monday through Friday, 8 a.m. to 5 p.m., or enter a support request at support.appstate.edu.
