

Password Manager

Website

password.appstate.edu

Summary

The Password Manager allows students, faculty, and staff at App State to establish or update a secure account password. Campus networks and information systems require both a username and an account password for authentication purposes. The Password Manager requires the user to enter a valid Appalachian username and to authenticate with an existing account password or to enter unique identifiable information to establish or change the account password. See the Knowledge Base article [Tips for Creating a Secure Password](#) for information on how to create and remember strong passwords.

Who can use this service?

All users who have an enabled Appalachian username

Who do I contact for problems or issues?

Call the Help Desk at 828-262-6266, Monday through Friday, 8 a.m. to 5 p.m., or enter a support request at support.appstate.edu.
