Summary

All App State students, faculty, and staff are assigned an App State email account. The username is created using the last name followed by the first and middle initials. A duplicate name requires that a numerical digit be added to the username. In some instances, student usernames may be structured using the students' initials and five numerical numbers.

The App State email account is the username with the extension @appstate.edu. This account is used for all official App State communication by students, faculty, and staff for instructional and administrative purposes.

The App State ID number (Banner ID), is a nine-digit number unique to each individual on campus. This number is sent to the home department of faculty and staff and to students by the Office of Admissions when they are accepted as prospective students.
