

# What are Campus Connections?

Campus Connections are short 1-hour meet ups at various locations around campus. These events are designed to inspire employees to become engaged campus citizens and form lasting relationships. Each month, new employees are required to attend at least one "Campus Connection" to network and learn more about the programs and services available to the campus community and the students we serve. A full schedule of Campus Connection events can be found in the [onboarding course](#) or on [App State's New Employee Orientation shared calendar](#). Registration is managed through [Works hops](#).

## Objectives

- Educate new employees about the programs and services available to them and the students they serve.
