FlashIssue

Website

flashissue.com

Summary

Flashissue is a content curation tool for email newsletters in Google and is a chrome extension.

Example case: FlashIssue is used to send out weekly newsletters in the RCOE Deans Office, Student Teaching Office, Public School Partnership Office, and James Center for Student Success and Advising.

Who can use this service?

The Starter, Small, Medium, and Large Licenses are approved for Faculty & Staff use.

The enterprise version of FlashIssue is not approved for use at this time.

How do I purchase a license?

Faculty & staff must obtain permission from their Department Chair before purchasing a license. Licenses are purchased at the department/college level directly through the website: https://flashissue.com/education/

Faculty & staff in the RCOE who wish to utilize this service must contact College Comm Liaison Rebekah Saylors.

Users who wish to purchase the enterprise version should submit an IT Acquisition request at tech.appstate.edu.
