Freedom Pay

Website

corporate.freedompay.com

Summary

FreedomPay is a Payment Gateway and P2PE provider. It allows other software to accept payments on campus with our merchant processor, Fiserv (formerly First Data). For example, Netsuite Oracle uses FreedomPay P2PE devices to accept payments for in-person purchases. It also uses the FreedomPay Gateway for eCommerce purchases on our website. Other campus users are UREC (with Fusion) and Campus Dining (with Micros).

Who can use this service?

FreedomPay is an approved Service Provider by the PCOC. However, any requesting department should put in an IT Acquisition request so we can review any integrations with other software.

How do I request this service?

Contact ecommerce@appstate.edu
