

AiM

Website

facilitiesoperations.appstate.edu/about-us/aim

Summary

AiM is a facilities management solution for government and educational facilities. It is used by App State to submit Physical Plant work requests for building maintenance and repair requests for vehicles. To submit a request, fill out the [AiM access form](#).

Who can use this service?

Access to these modules is limited by employee role and usually requires a training session to gain access.

How do I request this service?

The employee's supervisor must fill out an AiM System Access Form

Who do I contact for problems or issues?

Amy McNeill or Colemann Rusch
