

Tracking Football

Website

[Trackingfootball.com](https://trackingfootball.com)

Summary

Tracking Football is a football scouting service that provides teams with independently verified data and insights on key athletic performance statistics. It offers an extensive player database with over 35,000 players, allowing teams to enhance their recruiting and evaluation efforts. The platform features an easy-to-use interface for comparing and evaluating objective data, helping teams make informed decisions in player selection and talent assessment.
