

# How to Find Books and Media at the library

1. Go to the library home page: <http://www.library.appstate.edu/>
2. You can use our online catalog located in the center of the page.

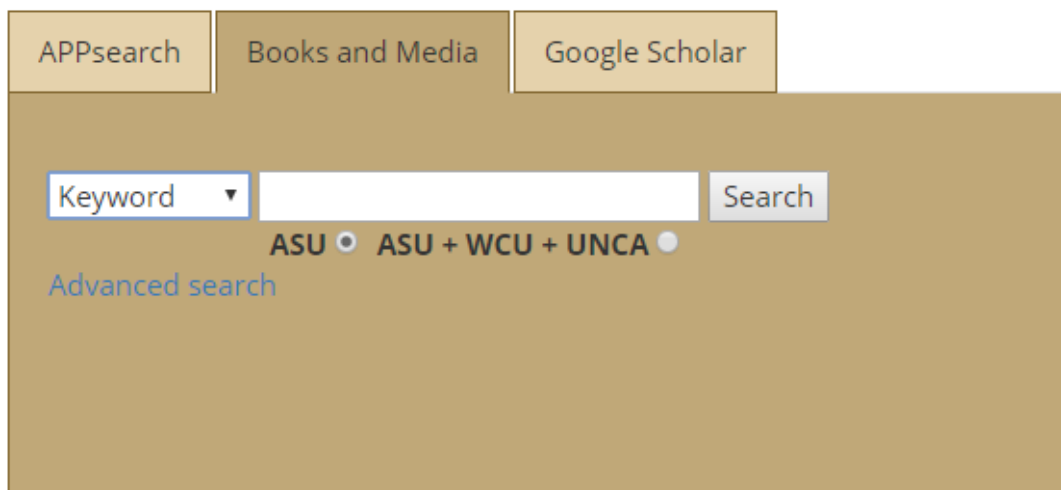

The screenshot shows the library search interface. At the top, there are three tabs: 'APPsearch', 'Books and Media', and 'Google Scholar'. The 'Books and Media' tab is selected. Below the tabs, there is a search bar with a dropdown menu set to 'Keyword'. To the right of the search bar is a 'Search' button. Below the search bar, there are radio buttons for 'ASU' (selected), 'ASU + WCU + UNCA', and 'UNCA'. Below the radio buttons, there is a link for 'Advanced search'.

3. Select the Books and Media tab to have the option to search via the drop down menu by: key word, subject, title, author, journal title, and ISBN/ISSN.

\*You can also select to search WCU and UNCA and have the book delivered via ABC Express which is available to AppState Student, Faculty, and Staff

(<https://library.appstate.edu/services/borrow-renew-request/abc-express>).

This is a duplicate of the screenshot above, showing the library search interface with the 'Books and Media' tab selected. It includes the search bar, 'Search' button, and radio buttons for 'ASU', 'ASU + WCU + UNCA', and 'UNCA'.

4. Once you selected how you want to search and clicked the search button you will be shown a list of results.

\*Example: I used the keyword Shakespeare and was given these results.
