

AsULearn Student Support

Moodle is a web-based learning management system (or LMS) used for web-enhanced, hybrid, and online courses. AsULearn is powered by Moodle 4. Instructors may use AsULearn for class communications, course materials, eTexts, assignments and assessments. Students may access AsULearn web browser or the mobile AsULearn mobile app to access their courses, and no other special hardware or software is required. AsULearn provides courses in a password-protected environment and ensures student privacy within the course.

AsULearn offers integration with a variety of other instructional tools such as Zoom, Kaltura, VoiceThread, Pearson, Google Assignments, and many more.

If you are not able to find the answer to your question, you can [Submit a Service Request](#) or call the technology help desk at 828-262-TECH(8324).
