

# I can't see my grades in AsULearn.

If the gradebook has been made visible, the **Grades** link will be included in the Course menu below the course name.

## Program Development and Evaluation for Health and Human Services

Course Participants **Grades** Competencies Media Gallery

The first thing to do if you don't see the Grades link in your course is to **communicate with your instructor** to find out whether they will be using the AsULearn gradebook for the course and when they plan to make it available to students.

Activities like an **Assignment** or a **Quiz** may have grades listed in the completed activity itself. You can access these activity scores by clicking on the link to the assignment or quiz inside the course. Below is an example of a score a student might see from a quiz attempt (click the image to enlarge).

Grading method: highest grade

### Summary of your previous attempts

Attempt	State	Points / 2.00	Grade / 100.00	Review
1	Finished Submitted Wednesday, July 10, 2019, 2:40 PM	2.00	100.00	<a href="#">Review</a>

Highest grade: 100.00 / 100.00.

Again, the instructor will determine which grades and how students may access them with the settings for the course, and for individual activities. The first contact for questions regarding any grade in your course **is the instructor**.
