

# Duo Two-Factor Authentication Enrollment for Faculty & Staff

Two-factor authentication with Duo is required for all incoming App State Faculty & Staff. New Faculty & Staff will be introduced to two-factor authentication during New Employee Orientation and will be automatically enrolled at the end of the Orientation session. Once enrolled, Faculty & Staff will be required to complete enrollment by adding an authentication device before logging in to University services. We recommend registering a mobile phone number with Duo and one additional device as a backup. Instructions on how to complete Duo enrollment are below.

Simply login to a University authenticated service to register your devices

- On the first login to a University service, you will see the "Start setup" splash screen to complete Duo enrollment. (Log out and sign in again if you don't see the "Start setup" screen.)
- You can also [click here](#) to [add devices](#) if a login screen is not available.

1. Click "**Start Setup**"

Do not bookmark this page.

## Protect Your Appalachian State University Account

Two-factor authentication enhances the security of your account by using a secondary device to verify your identity. This prevents anyone but you from accessing your account, even if they know your password.

This process will help you set up your account with this added layer of security.

2. Choose an authentication device.

**We recommend adding a Duo mobile - for a mobile push** as the primary device, for portability and ease of use. Please contact the Help Desk at 828-262-6266 if this is a concern and we can discuss alternate authentication options.

## Select an option

You'll use this to log in with Duo. You can add another option later.

**Touch ID** Recommended>

Use Touch ID on this device

**Duo Mobile** >

Get a notification or code on your device

**Security key** >

Use a security key

**Phone number** >

Get a text message or phone call

Secured by Duo

3. Enter the cellular phone number including the area code of the device and confirm by checking the box.

4. Install Duo Mobile on your cellular phone from the Google Play Store or App Store. **\*Please allow notifications\*** When finished, click "I have Duo Mobile Installed"

## Duo Mobile

6. If completing this process on a cell phone the device activation is automatic and you will see that your App State account is now visible in the Duo Mobile App. **Device enrollment is complete!**

7. If completing this process on a computer you will be given an activation bar code to scan with the Duo Mobile App on your phone. Open the Duo Mobile app and scan the barcode by holding the phone camera 8-12 inches from the code. If your camera is not activated click on the plus + on the DUO Mobile App to activate the camera. Device enrollment is complete!
