

Zoom Desktop Client

 While meetings can be started and scheduled from the Zoom web portal, you can also schedule/start meetings directly from the Zoom application. It is also important to access the Zoom application to set certain in-app settings, including Virtual Background, Audio/Video settings, as well as other options.

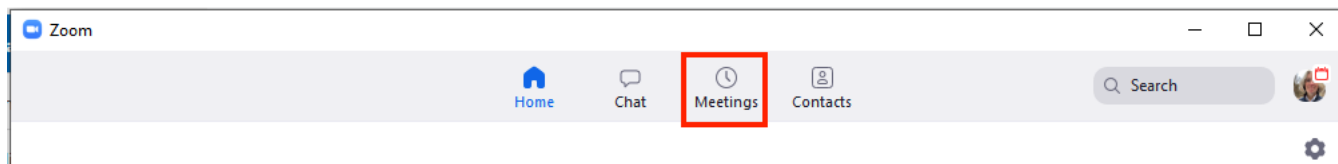

Step-by-step guide

1. Go to Appalachian's [Zoom's Download Center](#) to download the Zoom Client for Meetings.
2. Click Sign In, then click **Sign In with SSO**.
3. When prompted for the domain, enter **appstate** (not appstate.edu).
4. You will be directed on the next screen to login.
5. Upon successful authentication, the Zoom client will load the Home screen.
6. On the **Home** tab, you can click to start a new meeting or click to schedule one in the future.

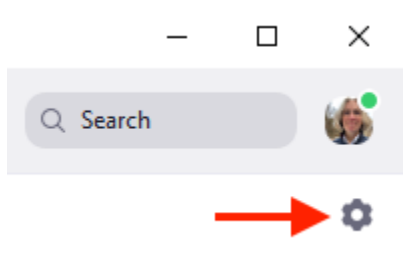

Check Existing Zoom Meetings

Click on the **Meetings** tab to view your upcoming meetings and your previously recorded meetings.

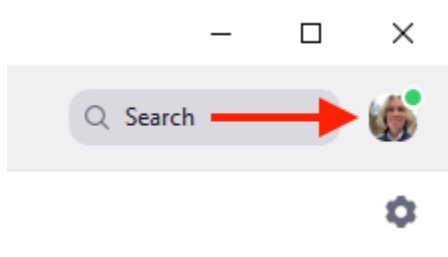

General Settings

Click on the Gear icon in the top-right corner to change your settings.

Update your client

Click your **Profile picture** to edit your Profile, set your status, and most importantly, **Check for updates**. Some updates occur automatically due to the nature of the changes, but most updates are initiated manually.
